# MASS MEETING ASKS COUNCIL TO INSTALL SEWER SYSTEM IN HARBOR INDUSTRIAL AREA

## 'ROUND 'N' 'ROUND

Found at last! Dr. O. R. Wodler, psychiatrist of the Kalamazoo state hospital, announces that there is an alarming increase of insanity among teachers. He blames the restrictions under which teachers are forced to live in many communities.

Luckily California is no longer narrow minded on the idea of the length of dresses for teachers and such subjects which are nobody else's business except the person concerned.

BUT, living in the same house with two children has convinced us that Dr. Wodler has not gone into his subject far enough... and all we have to do is try and get along with them and not try to teach them readin', writin', 'rithmetic.

Oh, well, guess we were just as bad... and we wonder how many teachers we sent to the insane asylum.

Did you ever sit down at a typewriter and write 5000 words on a story that is two paragraphs long?

If you never have, take a tip from someone who knows, and DON'T. There are times when one can let the imagination loose take the old trusty Underwood in hand and then let fly with words and phrases.

But then, it's a different proposition when one only has two or three brief facts to tell and he has to pad them out, doctor them and what have you to make two or three galleys of type.

Yes, one always imagines that one's job is the hardest in the world and that the other fellow has the easiest job possible.

Pearl divers have nothing on a clam dredger that recently picked up a safe from the bottom of the bay at Pittsburg.

One of our many ambitions is to be able to write the English language like Ernest Hemingway.

This author uses only the simplest words and his sentence construction is simple... and yet charming.

He can describe a scene in four words so vividly that one cannot help but actually see it.

And unlike Jim Tully, his style doesn't fall on one. Three chapters of Jim Tully and one throws away the book, kicks the dog and beats his wife.

## YESTERDAY IN CONGRESS

## MERCURY AT 90 DEGREES IN CHICAGO

CHICAGO, April 10.—(UP)—Blistering summer heat set an all time record today in the middle-west, just recovering from the effects of the worst spring blizzard in history.

When the mercury edged up so late in the afternoon citizens were presented with the spectacle of a mid-summer's day dream becoming an actuality earlier in the season than ever before since the establishment of the weather bureau.

The hottest April 10 previously was in 1893, when temperatures touched 78.

Snow Melted. The scorching heat melted in deep ravines and gullies the last vestiges of the record-breaking snowstorm which buried the whole region under a blanket 19 inches deep only three weeks ago.

No heat prostrations were reported in Chicago, although suffering was intense, particularly in the ranks of the citizenry who still clung to their flannel underwear. Many got up this morning and when temperatures appeared normal, bundled up in overcoats and mufflers. The rapid rise in the mercury brought the dials to 86 at 1 p. m., and continued to mount higher most of the day.

The city's beaches were crowded for the first time this year, but few ventured forth into the water.

Spring Styles. On the streets women paraded in flimsy spring and summer dresses, while hot-faced men dragged along with overcoats and top coats under their arms while they unbuttoned their vests.

The intense heat was general from the Rocky Mountains almost to the Alleghenies. Unusually high temperatures accompanied by hot dry winds shattered a 41 year record in the Kansas City area. Temperatures in Kansas generally were hovering in the nineties. Similar conditions prevailed in Missouri, Nebraska, Iowa, Indiana and Illinois. It was slightly cooler further east, but the weather bureau said the heat wave would travel rapidly toward the Atlantic seaboard.

As the spring draws to a close, and the hot sultry days of summer commence to make themselves apparent, men in all walks of life become immersed in thoughts of the torrid heat beating upon their brows.

Perspiration drops freely from under the brims of the hot felt hats, and man turns to the freedom and airiness of the straw hat or panama.

Because of this, May 1 has been designated all over the United States as Straw Hat Day, and will be fittingly observed in Richmond according to plans at yesterday's meeting of the Richmond Merchant's Association.

The day will be featured with a parade through the center of town, according to the tentative plans, to enable the citizenry to view the shining new "straws."

W. P. Official To Address High Class. Thomas P. Brown, director of the public relations department of the Western Pacific railroad, will speak before the journalism students of the Richmond Union high school this morning on journalism.

Brown is a former member of the newspaper profession. He is a well-known worker of the Warren G. Harding campaign.

CARS DAMAGED. Serious damage was done to cars driven by Mervyn Chenoweth, 3110 Roosevelt avenue, and T. P. Buckley, of Martinez, when they collided at Macdonald avenue and Twenty-second street yesterday.

## Free From Car Salesman

HAZEL FORBES, Ziegfeld beauty, was granted a divorce decree from Edward Judson, auto salesman at a New York court recently.

## COUNTY UNIT OF CHURCH BODY, PLANNED

A decision to form a Contra Costa county unit of the Federated Church Brotherhood of California was made at a dinner meeting of delegates from local churches last night at the First Baptist church.

W. P. Willemott, executive secretary of the Brotherhood, from Los Angeles, was the speaker at the meeting. He told of the work that is being accomplished by the Brotherhood in southern California.

At the conclusion of his speech the delegates named Dr. W. W. Giverson, O. L. Linn, M. Weir, Charles Wolfe, C. E. Parker and J. A. Long as members of a special committee to discuss the move.

Dr. Giverson was elected chairman of the committee and Long was named secretary.

At a committee meeting it was decided to hold a meeting in Martinez on May 4 at 2:30. At that time the plans will be completed.

Through Long, the local committee will write to every pastor in the county, asking that three men be appointed from each church as delegates to the meeting and that at least five percent of the membership of the church attend the meeting.

It is believed that the county unit will be formed before the end of May.

## Mrs. G. Imbach Seriously Ill

Mrs. George Imbach is seriously ill at her home at 655 Thirtieth street and is unable to receive any visitors. She is under the care of physicians from Livermore.

## Part Of Drug Store Loot Found

MARTINEZ, April 10.—Checks valued at \$300, which with \$200 in cash and a small quantity of narcotics comprised the loot of thieves who entered the Milton Moyle drug store at Antioch Wednesday night, were found on the Willow Pass road today and turned over to the sheriff's office.

Authorities advanced the theory that the thieves were unwilling to take the risk of cashing the checks, and threw them away to avoid identification.

The narcotics stolen, were found on a Pittsburg street yesterday.

CARQUINEZ ARRIVALS. Mr. and Mrs. H. Patten of Medford, Ore., registered at the Hotel Carquinez yesterday.

## 1930 CENSUS NEARING CLOSE

With four enumerators out of 21 in Richmond reporting their district completed, Edward Dinkelspiel, census supervisor for this area is conferring with city officials and others to make the wind up of the census in Richmond complete.

According to Dinkelspiel, he has found that in those districts which were reported finished the census was as complete as could be expected. However, it is to be assumed that there will be many incomplete enumerations made on account of the persons sought being absent from either their homes, or from the locations in which they reside.

Scouts Aid. Boy Scouts of Richmond have been doing work in checking up on completed districts, Dinkelspiel reported. Previous reports that a large number of persons had been overlooked in one district were denied. It was pointed out that Scouts checking the enumerations had not been given definite instructions and a slight confusion arose. This matter has been straightened out however and the checkup is being done according to schedule, officials reported.

Next Wednesday will end the census. Thus far, the results of the efforts on the part of the enumerators have been most satisfactory. "The next few days will tell the tale," Dinkelspiel stated yesterday.

Meeting Monday. All enumerators will meet in the office of the city clerk at the city hall Monday morning when final instructions for the cleanup of the work will be given out.

So far enumerators in this city have met with little difficulty. It was reported, Several homes under quarantine for smallpox did not bother one enumerator a great deal. He called on R. H. Cunningham, sanitary inspector who aided the enumerator in setting the count.

Officers connected with the enumeration were unwilling yesterday to make an estimate of the number counted so far in Richmond. It is expected however, that the final report will show a substantial increase over the 16,000 listed in 1920.

Later, a five-power agreement humanizing submarine warfare, extending the present battleship holiday until 1936, and permitting the building of aircraft carriers of less than 10,000 tons—but not limiting the auxiliary fleets of Italy and France—will be signed by all powers, if present plans carry.

The way will be left open for France and Italy to settle their parity differences after the conference ends, and for Britain, France and Italy to agree on a security arrangement which will permit the necessary reduction of French tonnage figures to make a later five power limitation agreement possible.

T. S. Agrees. Premier J. Ramsay MacDonald, chairman of the conference, announced in the House of Commons at 9 p. m. that the United States and Japan had agreed on a complete limitation program. The figures, he said were approximately the same as those announced last fall when he was in the United States, and showed "substantial progress."

## Maxwell Tot Has Long Fall

Jack Maxwell, two year old son of Mr. and Mrs. Jack Maxwell of Richmond, escaped serious injury Wednesday when he fell from the back porch of the Maxwell home to the ground, two stories below.

According to Mrs. Maxwell the baby slipped out on the back porch and in some manner, tumbled off. The family rushed the child to a doctor who gave him a thorough examination. X-rays revealed that no bones had been broken. A slight bruise on the child's head was the only injury found.

E. VALLER ILL. E. Valler, president of the Gladstone Lodge, Sons of St. George, is under the care of Dr. L. H. Fraser, and is expected to be absent from lodge activities for some time.

## Bank Bandits Face Gallows

EADS, Cal., April 10.—UP.—The death penalty was ordered tonight for John Walker, 42, Andrew Holaday, 22 and Claude Ray, 24 for the murder of Corale Hickman, deputy sheriff who was slain while performing his duty.

The jury returned its verdict after one hour and 10 minutes deliberation.

The slaying occurred on the road two miles east of Eads on March 14, while the bandits were fleeing from Manters, ans, where they had robbed a bank.

## Waiting For New Husband

FRANCES WILLIAMS, stage star, is waiting until Allan R. Jones receives his final decree in order that she may marry him. She declares that the ceremony will take place two minutes after the final decree is granted.

## HOPES FOR 5 POWER PACT ABANDONED

LONDON, April 10.—UP.—All hope of signing a five-power limitation treaty at the present naval conference was definitely abandoned today. However, a three-power limitation treaty will be signed by the United States, Britain and Japan in accordance with a proposal to be advanced at a plenary session early next week, probably Monday or Tuesday.

Later, a five-power agreement humanizing submarine warfare, extending the present battleship holiday until 1936, and permitting the building of aircraft carriers of less than 10,000 tons—but not limiting the auxiliary fleets of Italy and France—will be signed by all powers, if present plans carry.

The way will be left open for France and Italy to settle their parity differences after the conference ends, and for Britain, France and Italy to agree on a security arrangement which will permit the necessary reduction of French tonnage figures to make a later five power limitation agreement possible.

T. S. Agrees. Premier J. Ramsay MacDonald, chairman of the conference, announced in the House of Commons at 9 p. m. that the United States and Japan had agreed on a complete limitation program. The figures, he said were approximately the same as those announced last fall when he was in the United States, and showed "substantial progress."

## S. O. WORKER KILLED IN FALL

Lying in a crumpled heap, one side of his skull cracked, the body of Tony Rames, 45, of 1228 Thirty-eighth street, Oakland was found at the base of a Standard Oil tank at Point Orient yesterday afternoon by John Shubat, an employee of the company.

Rames was immediately rushed to the hospital, but was dead upon arrival.

It is believed he may have fallen from the top of the tank, 27 feet above where he was working on a welding job.

He was a native of Hawaii and is survived by his wife, Mrs. Clara Rames, a brother, John A. Rames, and his mother, Anna Rames all of Oakland.

An inquest into his death will be held by Coroner Aubrey Wilson in the near future.

## PLANE WILL RACE ECLIPSE

CLAREMONT, April 10.—With the aid of Col. Charles A. Lindbergh, southern California astronomers are planning a race across the western United States after the shadow of the moon when the annular eclipse of the sun comes on April 26.

Several conferences concerning equipment have been held by Col. Lindbergh and Dr. F. P. Brackett, professor of astronomy at Pomona College here.

Col. Lindbergh said today that he would not pilot any of the eclipse planes, as he will be very busy at the time.

The moon's shadow travels half a mile a second and the planes will be able to keep up with it while astronomers are making their aerial observations. Mount Wilson and Lick observatories also will send up planes.

The phenomenon will start about 9:40 a. m. (PST) and last until 12:20 p. m., reaching its maximum totality about 10:58 o'clock.

## Two Building Permits Issued

Two building permits were issued yesterday in the office of A. J. Hurley, city building inspector.

Mrs. John Odling was given permission to construct a foundation under a portion of a building on Twenty-first street between Barrett and Roosevelt avenues. The work is to cost \$40.

E. Robinson will erect a storage shed on Thirtieth street between Roosevelt and Clinton avenues at a cost of \$40.

## Richmond Schools Close Today For Vacation

Richmond schools will close tomorrow for the annual Easter vacation, which will last a week, according to Miss Norah Ashfield, assistant city superintendent of schools.

When school reopens on April 21, national education week will be observed with special programs and an exhibition of work done by the pupils.

The public has been invited to visit the schools during the week.

## Police Foil Daring Yegg

PORTLAND, Ore., April 10.—(UP)—A burglar who found that he could not lift a MacMarr store safe into an child's express wagon today summoned Matt Williams, a passerby to aid him. Williams refused, boarded a street car and reported his experience to the police. On arrival they fired three shots at the burglar, who was on the run. The safe and express wagon were found intact in a rear room of the store.

E. VALLER ILL. E. Valler, president of the Gladstone Lodge, Sons of St. George, is under the care of Dr. L. H. Fraser, and is expected to be absent from lodge activities for some time.

## \$117,400 PROJECT WILL BE PART OF CITYWIDE STORM, SANITARY PLAN

As a result of the mass meeting held at the council chambers last evening, it was decided that it was not advisable to proceed with the combination storm and sanitary sewer project at the present, as economic conditions are such that expenditures of \$1,129,000 would not be afforded.

It was decided, however, that the combination storm and sanitary sewer project, Division No. 4, which would take care of the Filice and Perelli cannery, the Ford factory, and other industries that would come in later, should immediately be taken care of. The cost of this would be \$117,400.

This unit is a part of the general project, and when the general plan is carried out it would join into it. It provides for the extension of the Fourteenth street sewer, the extension of the Tenth street sewer to the harbor, and the building of new sewers on Hall avenue and the lower part of Fourteenth street. This plan would take care of all the storm and sanitary sewer drainage south of the north line of Dock street.

The assessment district to pay for the cost of the work, would run from First, Garrard and the Santa Fe to Thirty-second street, running east and west, and from the northern city limits south to the waterfront.

The assessment on each of the lots would be approximately \$4, and on the acreage in the industrial district about \$100 an acre.

Audience Votes. An expression of the opinion of the many present was taken as a guide to the city council, and the vote was practically unanimous in favor of the work in the industrial section.

When the meeting was first called to order, City Engineer E. A. Hoffman was given the floor, and with the aid of maps, explained the entire storm and sanitary sewer project.

The million dollar project had been subdivided into four units. What was called as Number 1, was the putting in of the sanitary system alone in the major portion of the city, which would cost \$200,000.

Project No. 2 was for putting in the combined project, storm and sanitary, south of Cutting at an estimated cost of \$316,000.

Project No. 4 was the one finally adopted.

Project No. 5 provided for the installation of storm and sanitary sewers along Tenth street from the harbor to Chanslor at a cost of \$395,000.

Discussion Held. After Hoffman had gone into every detail of the project and its divisions, open discussion was indulged in for some time.

S. C. ROGERS first opened the matter up by asking the city engineer what he would recommend. Hoffman answered he had done as he had been instructed, prepare a complete plan of a storm and sanitary sewer system for the city, and it was a matter for the council to determine what should be done.

E. J. BURG.—There is no argument about sewers. We should have storm and sanitary sewers in all parts of the city. It seems to me.

## BOAT BLAST VICTIM DIES

No change was reported in the conditions of L. W. "Duke" Evans of Richmond, and Mrs. Fred W. Campbell, of Berkeley, who are at a Ukiah, Calif., hospital as a result of the burns suffered when a motorboat exploded at Clear Lake Sunday.

Fred W. Campbell, one of the party who was burned in the blast died yesterday morning as the result of his injuries. He was 33 years of age, and was employed in the Western Union offices at San Francisco. He leaves his widow and his mother, Mrs. Effie Campbell, of Berkeley.

W. E. Zander, another member of the ill-fated party, is still in the Ukiah hospital.

Mr. and Mrs. Frank Shubat of San Pablo, left yesterday morning for Ukiah to be near Evans.

## Grounded Tug Pulled Off Spit

TAFT, Ore., April 10.—(UP)—The tug, George M. Brown was pulled off the sandspit at the north side of the Siletz river by a donkey engine and was towed here by the tug Chahunta. The donkey engine was anchored on the south spit and dragged the tug off the sand at high tide. The Brown, which was stranded Tuesday, was damaged slightly.

Four members of the Richmond chapter of DeMolay left last evening for Eureka, where they will attend the meeting of the California-Nevada chapter conference today, tomorrow and Sunday.

The local delegates are Ray Melin, Bud Koses, Lawrence Theis and Joe Zink.

It was announced at last night's meeting that the DeMolay baseball season will open on April 27. The local chapter will meet Rockridge at Oakland in the first game.

A play, "So This Is London" will be given by the Richmond chapter at the Roosevelt auditorium on April 25.

## U. C. Freshmen Tracksters To Meet Cardinals

BERKELEY, April 9.—Freshman records in at least three events will probably totter when yearling track and field athletes of the University of California and Stanford meet Friday afternoon on California oval. The meet is scheduled for 2 o'clock.

This year's "Little Big Meet" at Berkeley, will serve as the curtain raiser for the "Big Meet" at Palo Alto a week later.

New records may be established in the 440, pole vault, shot put and the javelin, if the freshman maintain the pace set in earlier performances. John Kearney of California appears to be about ready for a record-breaking toss of the spear. To date he has thrown 185 feet 7 1/2 inches, a little bit more than two feet short of the record established by Ken Church, of the Bears in 1928, 187 feet, 11 1/4 inches. Kearney's team mates, Jim Miles and John Hunt, have both pegged out beyond the old 173 foot record. Miles has given Kearney a good battle for over 183 feet 10 inches and may first place. Hunt's best throw has been 176 feet.

The Stanford Bears are throwing around 160 feet.

In the 440, Eastman, Cardinal phenomenon is an easy winner. He has done 48.2, which not only is better than the old 50.3-5 record, but is two to three seconds better than the times turned in by Herman Albers, Bob Neuhaus and Louis Edell, Bear freshmen.

In the pole vault, an acrobatic youngster from California is very likely to set a new mark, since he has already gone once higher than the existing record of 12 feet 4 inches set by Johns of Stanford in 1929. He is Charles Vantress, consistent all-season over 12 feet, he twice has approached or passed the record notch. Stanford vaulters have gone a little higher than 11 feet, while Sundbeor of the Bears has done 11 feet and 6 inches.

It doesn't take long for Americans to wake up to a good thing—only a few months ago Kruschen Salts were introduced into this country and the welcome news of their superior goodness and swift rejuvenating power traveled so fast that at one time the supply was many carloads behind the demand. All of which goes to prove that Americans know good salts when they take them, and want their friends to benefit also.

Kruschen Salts are taken for their health building value all over the world—they are the largest selling medicinal salts in Great Britain today.

Kruschen Salts are different from other salts—Kruschen is six salts in one—the very same six salts that nature put into the human body at the beginning of creation and demands you keep them there or your health won't be as good as it should be.

Unlike most salts Kruschen isn't simply a laxative—if that's all you

## MASS MEETING ASKS COUNCIL TO INSTALL SEWER AT HARBOR

(Continued from Page 1)

that the engineer and his assistants have put in a great deal of time and effort in preparing these plans, and at some time the entire project will have to be installed. We have been talking about this general system for the past ten years, and so far have got along in a fairly good way. My idea is the council should put through a present time the project that is most needed, and it seems to me that it is No. 4. It will satisfy immediate needs. The remainder of the system can be taken up in later years. I prefer to avoid incurring debts and by dividing up the general plan, the work can be paid for in cash, the assessments will be small and the issuance of bonds will be avoided.

T. H. DeLAP — I agree that the practical thing to do is to install division four, and take the balance of the system up later.

E. B. BULL — After hearing the discussions, I am satisfied that the feasible thing to do is to install division No. 4.

COUNCILMAN R. J. MEYER — The citizens who have attended this meeting have heard the entire project discussed, and I believe they understand its details. There are many things to be taken into consideration. If the entire project were put in at this time, it would mean that local contractors would not be able to bid on the project. If the plan is divided into units, local contractors would be able to handle any of these units, and as a result local labor would have an opportunity for work in order to get an expression of opinion. I now move you that unit No. 4 be adopted. This was seconded by Councilman George Imbach and adopted by practically a unanimous vote.

Mayor A. L. Paulsen thanked the citizens for their attendance and the interest manifested, and stated the council was always pleased to have the public present and take part in discussions of matters affecting the welfare of Richmond, as it was the desire of the members of the council to carry out the wishes of its citizens.

## MOTOR SHEIK SOUGHT BY POLICE

SAN FRANCISCO, April 10.—(U. P.)—A city wide police search was underway today for the "motor sheik," who, when repulsed by a young girl whom he attempted to lure into his machine, deliberately drove his automobile into her, injuring her severely.

The victim of the motorist's spite was Miss Alpine Benton, a telephone operator.

Shortly after the girl had been thrown to the pavement by the car, another motorist, E. L. Gentry, took the girl to Central Emergency hospital, where she was found to have been severely bruised.

An x-ray picture must be taken, physicians said, to determine just whether or not the girl had suffered internal injuries.

Miss Benton said that the man accosted her when she left the telephone exchange where she is employed, late last night. Thinking that she knew the man she walked over to the car, but when she perceived that he was a stranger, she started to leave.

Then, according to the girl's story, the man attempted to cross the street at a corner, he deliberately drove into her, knocking her down, and then drove away laughing.

Squads of police combed the city for the motorist and searched a downtown hotel where the girl stated the man said he was registered, but without finding any trace of him.

## PARKER ACTS AS ATTORNEY IN TRIAL

OAKLAND, April 10.—(U. P.)—Forced to act as his own attorney because Superior Judge Fred V. Wood ordered trial to proceed despite the absence of his lawyer, Leo Sullivan, Commissioner William H. Parker, accused of misconduct in office, today himself conducted the examination of witnesses.

The Commissioner's attorney was in another courtroom where he was defending three former deputies and two asserted bootleggers who were charged with conspiracy and bribery in connection with acceptance and tendering of protection money.

Parker challenged nine prospective jurors, after asking them if they were conversant with the details of the action against his lawyer, Leo Sullivan, Commissioner William H. Parker, accused of misconduct in office, today himself conducted the examination of witnesses.

## MARION DAVIES IN HILARIOUS COMEDY ROLE

"Not So Dumb" an all talking adaptation of the successful stage comedy "Dulcy" directed by King Vidor, with Marion Davies as the star and with a supporting cast which includes Elliott Nugent, Raymond Hackett, Julia Faye, Sally Starr and Donald Ogden Stewart, will open at the Fox California theatre today.

The George S. Kaufman - Marc Connelly farce, which ran a full season at the Frazee Theatre, in New York, and later was a hit throughout the country, is believed to be a particularly happy selection as a vehicle for Miss Davies, who is known as one of the most humorous individuals of the Hollywood colony, both on and off the screen.

Although Lynn Fontaine, who played the original stage role and Miss Davies are as far apart as the poles in physical appearance, it is said the actress handles the comedy vein of the plot in practically the same manner. In adapting the play for the screen, Vidor, Tuckock, scenarist, and Edwin Justice Mayer, who prepared the dialogue, made very few alterations.

The plot concerns a young woman, more beautiful than she is wise, whose every good intention results in a blunder. Those who have seen Miss Davies in her last two comedies, "The Patsy" and "Show People," will understand her fitness for just such a characterization.

In an effort to assist her finances, Gordon (Elliott Nugent), in a jewelry merger, the eager Dulcy invites the other partner of the would-be partnership, C. Rogers Forbes, (William Holden) together with his wife (Julia Faye), and daughter Angela, (Sally Starr), to a week-end party at her home. Other guests at the party do their best to infuriate the important Forbes and a climax ensues in which the jewelry magnate accuses one man of making love to his wife and another of doing the same to his daughter. It looks like certain doom for the merger to say nothing of Dulcy's romance. However, all is ironed out in a surprising conclusion and the audience may leave the theatre with a laugh.

One of the most hilarious scenes in the comedy is that in which the guests play bridge. In this episode, Miss Davies sounds a warning note to women bridge-partners who try to outbid, out trump and out-talk every one else. This scene, which Vidor filmed with intimate detail, marks a high mark in comedy, and will be particularly intriguing to those who enjoy burlesques of every day happenings.

"Not So Dumb" was filmed almost entirely indoors, but it opens with a novel shot showing Miss Davies and Nugent in a violent argument while speeding in a roadster. Also talking comedy, "So This Is Marriage."

## TRAFFIC AT HIGH STUDIED

Traffic conditions at Richmond Union high school will be studied by a committee appointed by Byron Young, president of the high school Student's association. The committee will consist of Walter Thomas, Bernard Follett, and Russell Ralston.

A committee was also appointed yesterday at the high school to make arrangements for the arrangement of benches in the high school grounds. This committee includes Woodrow Snodgrass, Edward Harlow, and Bruno Roveda.

Both the traffic and bench situations were discussed at an assembly held yesterday. It was pointed out by Principal B. X. Tucker that caution must be used in leaving the school grounds, as several near accidents have occurred there.

## WHAT IS REAL REFRIGERATION

HAT do you want your refrigerator to do? Keep foods amply cold—surely! But keep them appetizing in appearance and deliciously fresh in taste too—with their juices and flavor preserved.

For such a thorough refrigeration job—the cheapest, most dependable, safest—in fact the ONLY refrigerant is ICE, especially if you have one of the ultra-modern scientific ice refrigerators now on sale by your ice company.

You'll be especially interested in the "ice refrigerators with the college degree"—actually built in accordance with the specifications of Columbia University. And the new ice refrigerators are not merely more efficient and sanitary — they're tremendously attractive with their modern lines, and gleaming white or pastel finish.

HALF OLD TIME PRICES — only \$25 to \$65 — Easy terms: And a liberal allowance on your old box! Why spend more for an extravagant substitute for ice refrigeration—and get less. Remember! Only ICE does a thorough refrigeration job.

## DADDIES TO BE PRESENTED TONIGHT

The first play of the present local high school dramatic season will be presented tonight at 8 o'clock in the Richmond Union High school auditorium. The four act play is entitled "Daddies."

The theme of the comedy centers around several bachelors who have the foolish courage to adopt four orphans. Complications set in and follow each other in quick succession after this latest move on the part of the one-time bachelors.

The play has met with wide success on the legitimate stage. It is from the pen of David Belasco, noted producer and playwright.

The bachelor roles in tonight's presentation are enacted by Joe Dudziak, Albert Schultz, George Miller, Walter Thomas and Darrow Sutton.

The parts of the wailing, troublesome children are enacted by Olga Mohammed and Christine Coleman and two boys, whose identity will not be revealed until tonight.

The role of Mrs. Audrey, scheming society woman, is taken by Elva Plouff. The feminine lead, Ruth Atkins, is taken by Marjorie Woods. Babette Audrey, Mrs. Audrey's daughter, will be portrayed by Laura McKune. Nellie McCauley acts the role of Madame LeVigne, while Alice Traverso occupies the part of the maid. The role of nurse is taken by Gertrude Parker. William McCloskey takes the part of the butler.

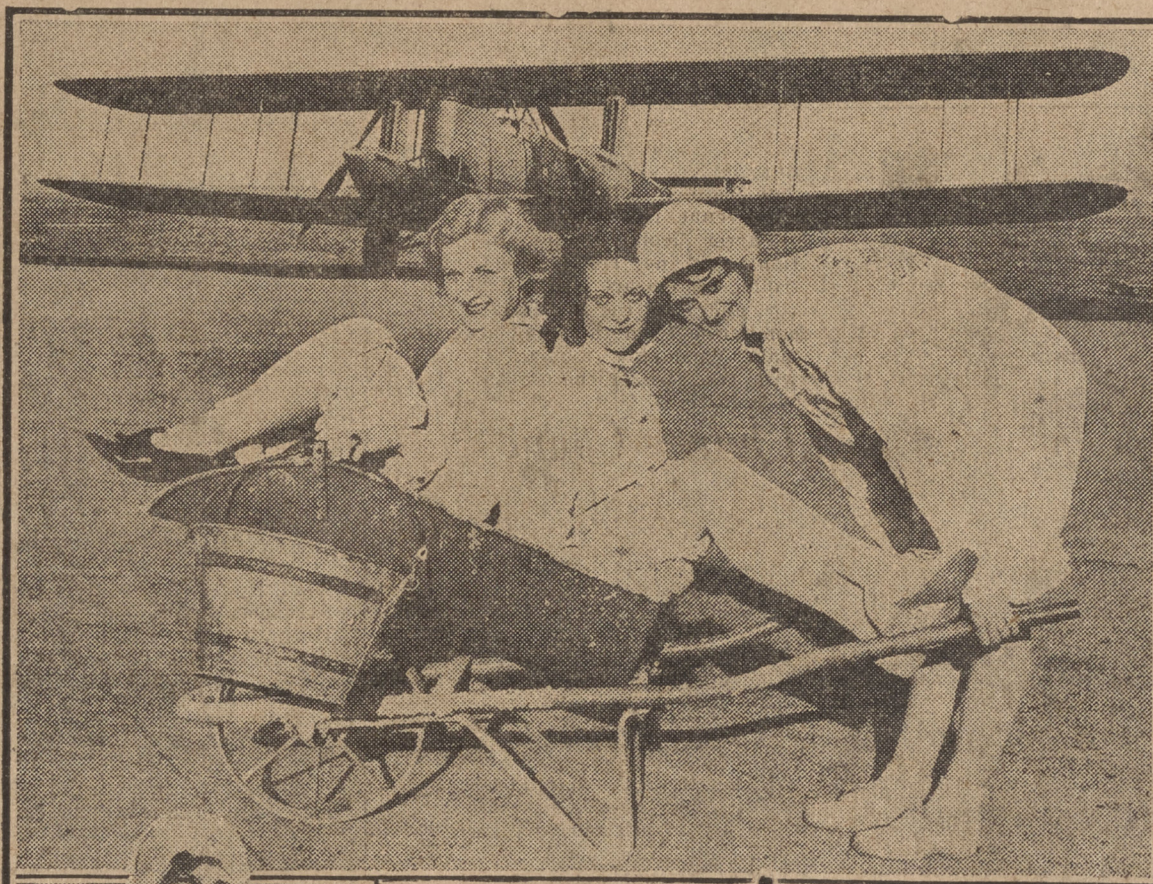

"Daddies" is directed by Dorothy Cox and Blanche Carson of the faculty. These faculty leaders also directed the successful high school plays, "Dulcy" and "Come Out of the Kitchen."

The stage craft class of Richmond Union high school, under the direction of Bernice Whiting, art director, has prepared the stage settings for the production. The pupils who have assisted in preparing the settings are: Harry Tezzi, Juanita Cole, Margaret Stromberg, Tom Ryan and Frank Alvin.

## Porto Rico Wins Legion Honors In Pageant Contest

INDIANAPOLIS, Ind., April 10.—American Legion department of Porto Rico was declared the winner of the \$75 cash prize in the Pageant and Ball membership contest which closed at midnight February 28. With the prize goes the honor of Porto Rico naming the next highest figure for the great Pageant and Ball which will be held at the national convention in Boston. The honor of naming the highest ranking personage went to Arkansas in January, the rules not allowing any one department to win two prizes in this contest. The prize of \$50 and the honor of naming the third highest ranking personage will be decided as of March 31, postmarked membership cards and money counting.

The American Legion Auxiliary is conducting a similar contest in that organization, Utah winning the first honors in January and the Arkansas department winning the honors for February.

The American Legion department of Arkansas has been declared the winner of the Lindsey trophy, which is awarded annually to the department attaining the highest percentage of membership over the preceding year's membership by March 1.

The Legion is nearly two months

## HIGH SWAMPED IN A.C.A.L. CONTEST

The competition offered by the veteran track stars of Alameda, Berkeley and Piedmont high schools, was too strong for the Richmond union high school track team yesterday at the annual Alameda County Athletic league track tourney held in the University of California oval.

The meet was won by Alameda high with 52 2-3 points, while Berkeley was a close second with 48 1-3 points. The final scores of the other teams competing were Piedmont, 35; Centerville, 8; Richmond, 5; Hayward, 1.

Howard Dalton and Schuyler Albert were Richmond's point men in yesterday's meet. Dalton succeeded in taking a fairly close second in the 440-yard race, and Albert made a strong sprint on the last lap to take third place in the mile run.

Records Broken  
Several A. C. A. L. records were broken in yesterday's meet. In the mile, the existing record of 4 minutes, 42 1-5 seconds was broken by Anderson of Piedmont, who ran the distance in 4 minutes, 40 3-10 seconds. The shot put record was also broken yesterday by Bertoli of Berkeley, who broke the 1929 record of 41 feet 11 3-8 inches with a put of 50 feet, 7 1-4 inches.

Anderson, of Piedmont, was the individual star of the day. He gained first places in the 880-yard run, the javelin throw and the mile run.

Yesterday's meet was the last track tourney of the season in which the Richmond union high school tracksters will compete.

The Results  
The results of yesterday's meet were as follows:  
880 yard dash—Anderson, first; Dasterberry, C. second; Sharp, P. Walton, A. fourth. Time 2:05 1-2.  
100 yard dash—Fuller A. first; Vanlobin, B. second; Ryan, A. third; Vallejo, B. fourth. Time: 10 4-10.  
120 high hurdles—Wood B. first; Smith, A. second; Wright, C. third; Powers, B. fourth. Time: 16 5-6.  
12-pound shot put—Bertoli, B. first; Chase, B. second; Brooks, A. third; Parrott, fourth. Distance 50 feet 7 1-4 inches.

440 yard dash—Hitching, A. first; Dalton, R. second; Avilla, C. third; Malundstrom, H. fourth. Time: 53 3-10.  
Javelin throw—Anderson, P. first; Parrott, H. second; Nova, A. third; Steers, P. fourth. Distance, 161 feet.

High jump—Tie between Osborne, A. Nelson, A. and Hall, B.; Chase, B. fourth. Height—5 feet 10 inches.  
Mile—Anderson P. first; Raftery, B. second; Albert, R. third; Sharp, P. fourth. Time: 4:40 3-10.  
Pole vault—Jamison, A. first; tie for second place between Fry, P. Powers, B. and Gregory, A. Height: 10 feet 4 inches.

220 yard dash—Euler, A. first; Leinhardt, P. second; Vallejo, B. third; Sharp, P. fourth. Time: 3:41-10.  
220 high hurdles—Wood, B. first; Smith, A. second; Beach, A. third; Hector, B. fourth. Time: 26 3-10.

Running broad jump—Trefethan P. first; Ball, B. second; Fry, B. third; Berry, A. fourth. Distance, 21 feet 2 3-8 inches.  
Discus—Chase B. first; Brooks A. second; Bertoli, B. third; Hector, B. fourth. Distance 22 feet, 1 1-2 inches.

Half mile relay—Alameda, first; Berkeley, second; Piedmont

## AX GUARDIAN WILL PITCH SATURDAY

BERKELEY, April 10.—Norman Horner, University of California pitcher, custodian-for-a-day of the famous Stanford ax, and hero of last Saturday's California-Stanford baseball game, is to be given full opportunity for revenge over his opponents from the Stanford ranch.

Horner will pitch in the second game of the annual Stanford series next Saturday at Southwest field, and all indications are that he will be on the mound a week later when the Bears invade the hostile farm for the closing game. This Saturday's game will follow immediately after the California Olympic club track meet, at 3:30 o'clock.

Horner gained a place among the legendary figures of California athletic history after his performance Saturday against the Cardinals. On Thursday evening, just after he had assumed the custodianship of the historic battle ax, the trophy was taken from his possession by invading Stanfordites. His efforts, with those of hundreds of other California students, to regain the ax during all that night and worry over the loss left him in no condition to pitch Saturday.

He went to the mound, however, with an air of determination visible to every spectator, pitched a cool, level-headed game, got two hits in four times at bat and, in the last half of the ninth inning, drove out a freak fly that put him on the initial sack. As events developed, this circumstance paved the way for winning runs when defeat seemed most certain.

Interest in the second game is equal among students on the Berkeley campus to that which was aroused by the first game. More than 3000 students and fans saw the first affair, and preparations for the loss left him in no condition for Saturday's game. While the contest is important to students chiefly because it is a Stanford game, the meeting is also important in that it may put California one step nearer to the California intercollegiate championship. The Bears are now leading the league with only two defeats in twelve games.

## Emeryville To Play High Nine On New Diamond

The Richmond Union high school nine will use its own diamond at the local high school tonight for the first time, when it clashes third; and Centerville fourth. The Alameda team included Price, Van Lowbenschel and Vallejo.

## Cup Tourney At Carquinez Opens Today

with the Emeryville athletes here. The diamond has just been completed. The first street diamond will not be used any longer for high school contests.

Lemon is expected to start on the mound for the Richmond team. Rosano will be on the receiving end for the local squad. The Richmondites have not met with great success this year, but have succeeded in taking into camp the two league leaders, Alameda and Berkeley high schools. They are, therefore, expected to be able to meet the Emeryville boys with some strong opposition this afternoon.

## BEAR TRACKMEN MEET CLUBMEN TOMORROW

BERKELEY, April 10.—The University of California track team is today winding up preparations for Saturday's meet with Olympic Club, their chances of victory still further diminished by injuries developed last week at Seattle—Injuries which stubbornly refuse to yield to treatment.

Three Bears, a shot putter, a hurdler and a broad jumper, are definitely out of the meet, and may not even be in shape to compete against Stanford on April 19. They are Fred DeBerry, with a broken blood vessel in his shot putting hand; Garland Smith, with a leg strained from jumping; and Tom Werdel, who has an ankle injury, bone of all hurdlers.

California coaches are not given to crying "injury" on the very slightest provocation, but this time Coach Walter Christie's problems are serious. None of these men are on his entry list. DeBerry's injury particularly is the hardest to take, since shortly before leaving for Washington, Christie was informed that Stan Waters, another weight man was ineligible for further competition. With Waters out and DeBerry on the sick list, the California mentor is left without a dependable weight tosser, a serious handicap when two events are involved.

The "Old Master" after holding high hopes for his team in the early season, now says that he is able to give his men but 43 points at the outside Saturday. And that figure, he avers, is reached only by giving them all the breaks. First places he awards to "Spud" Mossman in the mile, Captain Al Pogolotti in the hurdles—perhaps, and possible also to either Curlicue or Churchill in the javelin. The rest will have to subsist on a meager diet of seconds and thirds—mostly thirds at that.

Following is the official entry list for both teams. Since entries are unlimited, Christie will give many members of his squad the advantage of experience in the meet.

Sprints—Bisby, Wilson, Barlow, Sparks, (Calif.); Sweet, Von Gelden, Granucci (OC).  
440 yard—Bondshu, Lucas, Barlow, Pratt, (Calif.); Hubbard Davis, Titum, Storle (OC).

## ANGELS RETAIN LEADERSHIP OF COAST

SAN FRANCISCO, April 10.—(U. P.)—The Los Angeles Angels today drove to their third consecutive victory over Portland, 9 to 6, again demonstrating their power were not exaggerated.

Other teams in the first division after the third day of play were the San Francisco Seals, Hollywood Sheiks and the Sacramento Senators.

Freitas, of Sacramento was the star pitcher of the circuit today, letting the Missions down with four hits. It was the opening game of the season at Stockton, and Sacramento held the lead after the third inning, winning 6 to 1.

The single by F. Wetzel, of Hollywood in the eighth inning sent Leishman and Yide across home plate, to beat Oakland 5 to 3.

The Seals defeated Seattle 7 to 4, Wingo's home run in the sixth inning with one on, featuring the game.

Los Angeles was tied, 6 to 6, in the first of the sixth, but made three runs in the last half of that inning.

## HOPES FOR 5 POWER PACT ABANDONED

(Continued from Page 1)

He then announced, amid great cheering, that the three power agreement would be signed early next week, and that various points of disagreement which have been settled will be signed by all five powers when embodied in one agreement.

The chiefs of all five delegations will meet tomorrow morning to consider the general problem of drafting the five-power agreement; the committee of the whole will meet Saturday to clear up odds and ends of the conference. The plenary session will follow next week.

### No Pact

Foreign Minister Aristide Briand, head of the French delegation, paid a visit to Foreign Minister Dino Grandi of Italy and the two men, who had been stoutly at odds on the question whether France should admit Italy to parity, exchanged friendly words. They both expressed hope that failure to agree at this conference would not injure future Franco-Italian relations and that negotiations would continue between them on naval subjects after the delegates reached home.

Decision by the Japanese, British and Americans, this forenoon to permit each other to convert one obsolete battleship into a disarmed training ship was the turning point in the conference. It marked the clearing up of the last dispute among the powers.

It was stated on good authority tonight that France and Italy, in agreeing to extension of the present battleship holiday to 1936, were both likely to sign with a reservation. This reservation would provide that they can build up to 70,000 tons of capital ships. It France decides this is necessary to counter Germany's "pocket battleships," the 10,000 ton Ersatz Preussen.

## Bay Region Lauded By C. C. Head

Facilities of the eastbay were highly lauded by H. Thompson, of the Berkeley Chamber of Commerce, when he spoke before a meeting of Richmond Post of the American Legion in the Memorial hall last night. Lowell R. Sears, commander, presided.

Thompson, who is also a member of the Legion, state Community Betterment committee, declared that "big things are in view for the eastbay cities."

During the meeting, J. J. Barry, president of the Allied War Veterans' Council, made a report on the Memorial Day observation.

According to Barry, the ceremonies this year will be the largest ever seen in this district. Extensive preparations are now under way for the program on May 30.

A report was also given by James T. Nabett, chairman of the Community Betterment committee, who stated that the committee is preparing to assist the city park commission in every way in the construction work for city betterment.

Following the meeting a banquet was served under the direction of A. Pelley and R. E. Tillman.

## Girls To Attend Athletic Session

Twelve girls will be sent from Richmond Union high school to the Eastbay Federation of Girls' Athletic Association at Oakland on April 26. Ten schools will be represented at the meeting.

The group will compete in volleyball, basketball and baseball. Luncheon will be enjoyed at 12:30.
